

## Membership Application Form

AROHA was set up in 2003 to:

- encourage the recording, archiving and use of oral history material whether recorded in audio, video or any other medium;
- to provide technical information and how-to guides for new and experienced oral historians;
- to promote regular meetings, talks and training workshops.

Since then, a number of presentations and training workshops have taken place in different parts of Aberdeen and the surrounding region.

Membership of AROHA for individuals and groups is currently FREE
